

- ✓ Connaître le nom des sens.
- ✓ Connaître les organes liés aux sens.

Prénom :

Lundi	Mardi	Mercredi	Jeudi	Vendredi
-------	-------	----------	-------	----------

1 Relie les organes aux sens utilisés par le garçon.

The matching exercise consists of two columns of illustrations. The left column shows five body parts: lips, an ear, a hand, a nose, and an eye. The right column shows five activities: a boy wearing headphones and listening to music, a boy smelling a flower, a boy eating a meal with a fork and knife, a boy looking through binoculars, and a boy touching a wooden box. Green lines connect the lips to the boy eating, the ear to the boy listening to music, the hand to the boy touching the box, the nose to the boy smelling the flower, and the eye to the boy using binoculars.

Relie les organes avec les bonnes images.
